Minute	AGENDA ITEMS	Action
	<u>Chairman's Welcome</u> – the Chair welcomed those present, with a particularly warm welcome to the members of the public.	
	<u>Prayers</u> – led by the Chairman, who advised that anyone not wishing to participate may leave the room and rejoin the meeting later.	
	<p><u>Public Forum</u> – a report from County Cllr. Jenkin, relating to agenda item 26a/2014, was circulated to Members. A letter from Mr Donald Baines, objecting to this application, had been circulated to all Members, via email.</p> <p>Mr Gavin Jackson of Horsedowns read a statement on behalf of residents who are objecting to this planning application:</p> <p style="padding-left: 40px;">The application site is part of the open countryside, outside any defined settlement, surrounded by open agricultural land, having a strongly rural setting. The proposed change of use from agricultural field to a travellers' site would harm the character of the area and provide a site unsustainable by definition as it is poorly related to local services.</p> <p style="padding-left: 40px;">The application would be contrary to the essential aims of Government planning policy.</p> <p style="padding-left: 40px;">In conjunction with the guidance in planning policy for traveller sites (PPTS), Local Planning Authorities taking decisions on travellers' sites have to have regard to the policies in the National Planning Policy Framework (NPPF). At the heart of the Framework is a presumption in favour of sustainable development and for decision-taking purposes this means specific policies in the Framework indicate that certain development should be restricted. Government aims in respect of travellers sites include Local Planning Authorities having due regard to the protection of local amenity and local environment.</p> <p style="padding-left: 40px;">Whether private, or otherwise, the NPPF indicated that traveller sites with planning permission should be in appropriate locations. Only this week the Government Minister responsible for Travellers said that the government's policy was to strengthen protection of the greenbelt and open countryside. He said that unmet demand, as a deciding consideration – whether for traveller sites or conventional housing – is unlikely to outweigh harm. He reiterated the government's firm position on the need for traveller sites to be in appropriate locations.</p> <p style="padding-left: 40px;">The NPPF says that there are three dimensions to sustainable development: economic, social and environmental.</p> <p style="padding-left: 40px;">This application would cause environmental harm by creating an isolated unit of residential accommodation in open countryside.</p> <p style="padding-left: 40px;">Allowing development on agricultural land is contrary to the principle of supporting a prosperous rural economy.</p>	

Socially, it is divisive. The submission by the applicant that their personal circumstances and lifestyle are sufficient justification for permissions that the rest of the community would be denied, reinforces a local sense of injustice. This significantly undermines Cornwall Council's objectives for the 'integration, inclusion and peaceful co-existence of travelling communities with the settled community' (Gypsy & Travelling Communities Strategy & Delivery Plan consultation draft 2012, which the applicant considers relevant).

Policy H of PPTS provided that Local Planning Authorities should strictly limit new traveller sites in open countryside away from existing settlements.

This application does not qualify to be considered under Policy D as a rural exception site which is specifically for local needs.

There is no local imperative for these applicants, who knowingly bought good quality agricultural land to develop (and seek to change its character and use for their own advantage) seriously outbidding local farmers who had a legitimate and lawful use for the land.

A few months ago a Local Government Association spokesman was quoted in the national press saying "People who live nearby need to be given the say on whether land is appropriate for travellers, and that is precisely what the planning process is there to do."

Our best interests depend on institutional competence, sadly our emerging local plan is at pre-submission stage, but there are sufficient planning grounds here for the County Planning Committee to pursue the legitimate aim of protecting the environment. The harm to the open countryside of Cornwall simply by virtue of precedent, is such that refusal of this application is necessary and proportionate.

He added he felt that this matter should be given wider publicity and that a public meeting should be held. Cllr. Jenkin agreed, as the County Member, to call a statutory public meeting. Cllr. Muriel asked why she hadn't called this earlier. Cllr. Jenkin pointed out that no-one had asked her to do so.

Mrs Vicky Prior said in 1991 a local family had moved into the field and had subsequently been evicted. She also referred to a recent planning refusal for the site on the grounds the land was Grade III agricultural.

Mrs Jennifer Nolan owns the field that abuts the site. She said she had not been notified of the application, even though it will impact on her view.

Mr Stuart Matthews lives one field away from the site. The proposal includes a 'compost tank' and he objected because he feared leakage onto his property.

Mr Harvey Henwood said there are caravans at Horsedowns, but they form part of the curtilage to the main property.

Mrs Prior referred to another application which was refused because the access is direct onto the road. This application would have the same access.

Mr Chris Russell, the applicant, said he hoped to put as many minds to rest as possible. He is a family man and has been a traveller since he was 17. He has a farming background. His family needs to stay for his children's education. The site will be well secluded. He advised there won't be any large vehicles parked on the land. He was in favour of a public meeting. He assured the meeting that there was no intention of anyone other than his own family staying on the site.

In response to a question, Mr Russell said they were applying to live on the site as 'settled travellers'. He was asked why he was applying for change of use for the whole field. He said he could not answer this. He had left the application to his agent. He explained the reason for and siting of the road.

Mr Jackson said the objections were not personal, but local residents felt aggrieved that they would be denied planning permission to live on such a site, but travellers are treated more favourably.

Mr Lee Squires asked Mr Russell why the proposed shed is so massive. He said he would be happy to decrease the size.

Mr Mark Wills said vehicles visiting the site had churned up the verge.

	<p>Cllr. Jenkin confirmed she will endeavour to call a statutory public meeting and that relevant CC officers will be in attendance, but she has to follow the protocol.</p> <p>Cllr. Muriel thanked members of the public for attending and expressed her gratitude to the applicant for his willingness to answer questions.</p> <p>Mr Morley spoke regarding his application (26d/2014) and explained the background. He had spoken to his neighbours and there were no objections.</p>

Jenkin reported there had been numerous meetings, the key one was on the Local Plan, which will now go out to consultation. She urged Members to respond to the Mobile Library consultation. She referred to her visit with the dog warden (33e/2014 refers). Praise Youth Club needs more volunteers. She suggested that the grant money, currently held by the PC, might be managed easier by Praise Institute.</p> <p>She confirmed that if the PC objected to a planning application that the planning officer was supporting, then she would take this to CC Planning Committee for decision.</p> <p>c. <i>Helston & The Lizard Community Network</i> – Cllr. Muriel reported a joint meeting with Wendron PC, had been held on 22nd January 2014. She said it was quite helpful. Those present didn't want regular meetings, but to hold them when there was a specific matter to consider.</p> <p>Noted the next suggested meeting date is Wednesday, 16th April 2014.</p>	
25/2014	<p><u>Minutes of Meetings</u> –</p> <p>a. <i>Full Council Meeting</i> – 10th January 2014: The following sentence was added to paragraph 5 of the Public Forum: “3,500 cases were reported and 40 enforcement notices issued.” With this amendment the Minutes were AGREED as a true record.</p> <p>b. <i>Amenities Committee (AC) Meeting</i> – 15th January 2014, AGREED as a true record.</p> <p>c. <i>Public Rights of Way (PROW) Committee Meeting</i> – no meeting held.</p>

Cllr. Muriel informed the meeting that an extension had been granted to comment on this application, to 26th February 2014. Cllr. Jenkin referred to her written report. Cllr. Henwood queried the need for a change of use for the whole field and would prefer that the existing hard standing was used for the mobile home.</p> <p>OBJECT on the grounds there is significant local opposition and this is an unsustainable location in open countryside. Members request that the</p>	Clerk

	<p>application is put to CC's Planning Committee for decision. If planning permission is granted, Members would like conditions to be imposed limiting the number of days other caravans can visit the site and the size of the shed should be reduced.</p> <p>Cllr. Case officer: Mr Lee Viner had visited the site on the 17th January 2014 but unfortunately there was nobody around as there seemed to have been a fire in the house. Once he gets this information he will be in a position to issue Planning Contravention Notices.</p> <p>iv. <u>EN12/02935, Hillcrest</u> – provision of new building on site.
