

Hi Sarah

Apologies for not getting back to you before now.

On the basis of the information provided, and particularly that the Plan is not intending to allocate sites for development, I can confirm that we have no objection to the view that an SEA is not required.

I can also confirm that as the scope and content of the Plan stands it is unlikely that there will be issues in the future upon which we will feel the need to comment.

Kind regards

David

Dear All,

I have had a request from Crowan NDP group to screen their draft plan for SEA and HRA.

This is an early draft plan so you will see that the formatting is not yet complete, but the policy wording is and there is evidence in the appendices document and there is an overview proposals map.

I have attached the NDP, the draft screening report, the appendices and the updated Vision and Objectives diagram which they need to insert into their document.

I will send the proposals map separately as it is a large attachment and I think your systems will block the email otherwise.

Please can I have your response to the screening request within 21 days, ie by **26 June 2018**.

Many thanks

Sarah
