Dear Sarah

Planning consultation: Crowan Neighbourhood Plan – Strategic Environmental Assessment (SEA) and Habitats Regulations Assessment (HRA) Screening Report

Thank you for your consultation on the above dated 04 June 2018 regarding the emerging Crowan Development Plan (version 2.2).

Natural England is a non-departmental public body. Our statutory purpose is to ensure that the natural environment is conserved, enhanced, and managed for the benefit of present and future generations, thereby contributing to sustainable development.

We concur with the conclusions set out in paras 5.1 and 5.2 of the SEA and HRA Screening report which state that there are unlikely to be any significant effects on European sites or the environment and that therefore SEA is not required.

We would be happy to comment further should the need arise but if in the meantime you have any queries please do not hesitate to contact us.

For any queries relating to the specific advice in this letter only please contact Carol Reeder on 0208 225 6245/07721 108902 or carol.reeder@naturalengland.org.uk. For any new consultations, or to provide further information on this consultation please send your correspondences to consultations@naturalengland.org.uk.

Yours sincerely

Carol Reeder
