

Amenities and Environment Three Year Development Plan

Aims

1. To maintain public facilities and open spaces safely and to a high standard, and to add facilities for the public benefit.
2. To promote, add to and maintain leisure facilities to support parish health and wellbeing.
3. To promote and maintain public rights of way.
4. To improve and enhance the parish environment and infrastructure and increase biodiversity.
5. To build relationships with other councils, organisations and environment groups and work with them to improve the parish's environment.

Development areas

2023

- Help secure the future of the Praze Playing Field by becoming a trustee of the charitable trust and with local people to develop a plan for its future
- Work with the Trustees of Praze Institute to secure its future and with them to develop a plan for its future
- Praze Council Office refurbishment and to increase its usefulness to the local community
- Jubilee Park agree and carry out improvements with local people
- Implementation of the Pledge For Nature including developing a sustainability and environment plan.

2024

- Encourage greater use of the Public Rights of Way (local guides, signage and publicity, etc.) and work with Cornwall Council to open all closed PROW
- Review energy use across all parish facilities and consider sustainable alternatives.
- Environment projects – tree planting for on council-owned property throughout the parish.

2025

Consider new projects and associated funding sources

- Work with the local authority to install traffic calming measures wherever they would benefit parishioners
